Grant C. Whittenberger — Fascist Sympathizer, "Constitutionalist", The III% Militia, Open Carry Texas

📅 On 15 Jul, 2019 👤 By [fashfinder](#) 💬 With [1 Comment](#)

On Saturday, July 13, 2019, an unknown person who was impersonating a National Lawyer's Guild legal observer, got into numerous confrontations with anti-fascist counter-protestors at a fascist-run event called "Texans against domestic terrorism", which was really just a front for multiple groups of fascists and white supremacists to gather at the Texas State Capitol and get violent with anti-fascists.

Some of these groups included [SPLC-designated hate group Proud Boys](#), known nuisance fascists Texas Nomads SAR ([Christopher Ritchie](#) started the event after his home was rightly defaced), Open Carry Texas ([CJ Grisham](#) runs this group), and even a few people from White Lives Matter ([Ken Reed](#) was listed as 'going' to this event).

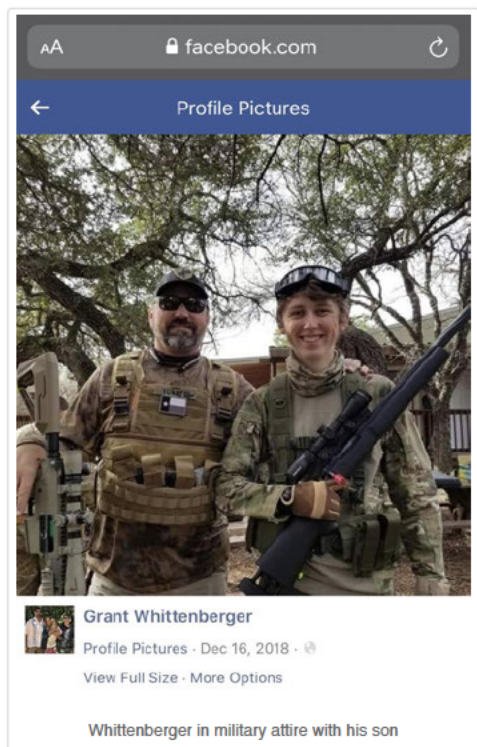

This unknown person was said to have been with Open Carry Texas, but this is just a report. They got into physical altercations with anybody that questioned the validity of them being a legal observer and they also open-carried what looked like a Glock 17 (unconfirmed).

After twitter and numerous other platforms were out to identify this man, we received a tip of a familiar name that hasn't come up in quite a bit: Grant C. Whittenberger of North Austin.

Here is an image from Whittenberger’s facebook below of his military LARP attire (teaching his son to be just like him, sad) and a video here of his altercation with a couple of anti-fascists: [Video of Altercation](#)

Grant Whittenberger is currently operating as a successful realtor in the North Austin area under the company “[Outlaw Realty](#)”. Their phone number is 512-600-6677 for anyone who wants to contact them and let them know how their partner is utilizing his free time endangering others. You can also see Whittenberger’s Yelp page by clicking [HERE](#).

Mr. Whittenberger is no stranger to these “undercover” tactics at protests, as we received reports he did this back in February as well. When anti-fascists came into contact with Whittenberger last year, he was donning a tactical vest with multiple gadgets and he was on the anti-fascists side in a failed attempt to “kettle” them back in August 2018. He was there providing security for the fascists that were marching “against far-left violence”. Again, this was just another excuse for fascists to gather and spew their hatred and harass people in the streets of Austin.

We also identified that this was Grant Whittenberger because he had a Toyota key fob hanging from his belt on 7/13/19, which we determined matched his **White 2015 Toyota Prius, PLATE#: FTZ8743**.

Whittenberger impersonating a legal observer from National Lawyer's Guild

The fact that he was impersonating legal help that these marginalized groups usually seek out is incredibly dangerous and really shows he does the bidding for the white nationalist, white supremacist, violent fascist causes.

UPDATE:

Whittenberger has responded to his doxx:

Grant Whittenberger I have saved your post and will be passing it onto my attorney as libel. I am not a white nationalist sympathizer nor do I think any less of a person for the color of their skin, who a person chooses to love, how they choose to identify, where they are from or who they choose to call God. Bigots, racists, and fascists are the dregs of society and I work hard to ensure they stay far away from me and any groups which I attend. I am a constitutionalist who believes we all deserve the same protections under the law. I attended the Free Speech event because I abhor the fascist techniques used by the left to silence free speech. I wore my legally obtained green hat because Antifa seems to attack less if they are confused. I wanted nothing more than to gather content for a blog. I was completely peaceful until I was assaulted by a mask-wearing man. A woman did jump in between, but there was no assault. I do not like violence nor would I condone people stealing property, attempting to silence free speech or purposefully ramming into others because of their disagreements. We may have some disagreements politically, but your attempt to libel me will have legal consequences should you choose to continue.

Our response: When you cover for fascists and white supremacists, any time for discussion has past. Considering you assaulted people unprovoked (determined by many eye witness accounts) with impunity, good luck in your libel suit. You also attempted to brandish your weapon against unarmed counter-protestors and impersonated legal help. If you want to use the state to try to solve the problems YOU created for yourself, you're gonna have a bad time. We wanted nothing more than to gather content for a blog, and we did and you're upset we identified you. Good luck with your realty career, Grant Whittenberger.

TO FASCISTS

t s way past time for discussion Oppressive beliefs are not “differences in political ideals” they are differences in moral ideals Speech against marginalized groups is the inciting of violence so we treat your speech as violence The government cannot speak out against you for speech but we can in our own way
